Contents Volume 48, 1991

Special issue

Campi Flegrei, edited by G. Luongo and R. Scandone

Foreword VII
The structure of the Campanian Plain and the activity of the Neapolitan volcanoes (Italy)
R. Scandone, F. Bellucci, L. Lirer and G. Rolandi (Naples, Italy) 1
Structural evolution of Campi Flegrein caldera in light of volcanological and geophysical data
F. Barberi, E. Cassano, P. La Torre and A. Sbrana (Pisa, Italy) 33
The Campania–Campi Flegrei area: a contribution to discern the best structural model from gravity interpretation
M. Fedi, C.Nunziata and A. Rapolla (Naples, Italy) 51
Experimental evidence of resistivity frequency-dispersion in magnetotellurics in the Newberry (Oregon), Snake River Plain (Idaho) and Campi Flegrei (Italy) volcano-geothermal areas
D. Patella, A. Tramacere, R. Di Maio and A. Siniscalchi (Naples, Italy) 61
History of earthquakes and vertical ground movements in Campi Flegrei caldera, Southern Italy: comparison of precursory events to the A.D. 1538 eruption of Monte Nuovo and of activity since 1968
J.J. Dvorak (Hawaii National Park, Hawai, U.S.A.) and P. Gasparini (Naples, Italy) 77
Tidal signal in the recent dynamics of Campi Flegrei caldera (Italy)
G. Berrino and G. Corrado (Naples, Italy) 93
Vertical ground movements in the Campi Flegrei caldera as a chaotic dynamic phenomenon
M. Cortini, L. Cilento and A. Rullo (Naples, Italy) 103
Analysis of the magnitude-frequency distribution for the 1983–1984 earthquake activity of Campi Flegrei, Italy
G. Vilardo, G. Alessio and G. Luongo (Naples, Italy) 115
Stress pattern at Campi Flegrei from focal mechanisms of the 1982–1984 earthquakes (Southern Italy)
A. Zuppetta and A. Sava (Naples, Italy) 127
Isotopic study of the origin of sulfur and carbon in Solfatara fumaroles, Campi Flegrei caldera
P. Allard (Gif-sur-Yvette), A. Maiorani (Roma, Italy), D. Tedesco (Naples, Italy), G. Cortecci (Pisa, Italy) and B. Turi (Roma, Italy) 139
1980–1990: Ten years of geochemical investigation at Phlegrean Fields (Italy)
M. Martini, L. Giannini, A. Buccianti, F. Prati, P. Cellini Legittimo, P. Iozzelli (Florence, Italy) and B. Capaccioni (Urbino, Italy) 161
A physical model for the origin of volcanism of the Tyrrhenian margin: the case of Neapolitan area
G. Luongo, E. Cubellis, F. Obrizzo and S.M. Petrazzuoli (Naples, Italy) 173
Hot fluid migration: an efficient source of ground deformation: application to the 1982–1985 crisis at Campi Flegrei—Italy
M. Bonafede (Bologna, Italy) 187
Geophysical and geochemical modelling of the 1982–1984 unrest phenomena at Campi Flegrei caldera (southern Italy)
G. De Natale, F. Pimgue (Naples, Italy), P. Allarde (Gif-sur-Yvette, France) and A. Zollo (Paris, France) 199
^{14}C age of the "Museum Breccia" (Campi Flegrei) and its relevance for the origin of the Campanian Ignimbrite
L. Lirer, G. Rolandi (Naples, Italy) and M. Rubin (Reston, Va., U.S.A.) 223

Research Papers

New evidence on the hydrothermal system in Long Valley caldera, California, from wells, fluid sampling, electrical geophysics, and age determinations of hot-spring deposits
M.L. Sorey (Menlo Park, Calif., USA), G.A. Suemnicht (Santa Rosa, Calif., USA), N.C. Sturchio (Argonne, Ill., USA) and G.A. Nordquist (Santa Rosa, Calif., USA) 229

A Sr-isotopic comparison between thermal waters, rocks, and hydrothermal calcites, Long Valley caldera, California
F. Goff (Los Alamos, N.M., USA), H.A. Wollenberg (Berkely, Calif., USA), D.C. Brookins (Albuquerque, N.M., U.S.A.) and R.W. Kistler (Menlo Park, Calif., USA) 265
Chemical equilibrium and mass balance relationships associated with the Long Valley hydrothermal system, California, U.S.A.
A.F. White and M.L. Peterson (Menlo Park, Calif., USA) 283
Hydrothermal alteration and past and present thermal regimes in the western moat of Long Valley caldera
S. Flexser (Berkely, Calif., USA) 303
Oxygen isotope evidence for past and present hydrothermal regimes of Long Valley caldera, California
B.M. Smith (Berkeley, Calif., USA) and G.A. Suemnicht (Santa Rosa, Calif., USA) 319
Quantitative experiments on phreatomagmatic explosions
B. Zimanowski and G. Fröhlich (Würzburg, Germany), and V. Lorenz (Stuttgart, Germany) 341
Miocene pillowed sills in the Shimane Peninsula, SW Japan
K. Kano (Ibaraki, Japan) 359
The petrology of Poás Volcano lavas: basalt-andesite relationship and their petrogenesis within the magmatic arc of Costa Rica
C. Cigolini, A.M. Kudo, D.G. Brookins and D. Ward (Albuquerque, N.M., USA) 367
Role of magma mixing during the recent activity of La Fossa di Vulcano (Aeolian Islands, Italy)
M. de Fino and L. La Volpe (Bari, Italy), and G. Piccarreta (Potensa, Italy) 385

Volcano Report

Field observations of pristine block- and ash-flow deposits emplaced April 16–17, 1991 at Volcán de Colima, Mexico
S. Rodríguez-Elizarrarás (Coyoacán, México DF, México), C. Siebe, J.-C. Komorowski (Tempe, Ariz., USA), J.M. Espíndola (Coyoacán, México DF, México) and R. Saucedo (Colima, México) 399
